Description:

This easy-to-use, best-selling collection of reading materials effectively assesses reading ability at emergent through high school levels. *Qualitative Reading Inventory-5* includes both narrative and expository passages at each grade level, questions to assess prior knowledge, and word lists. Instructors can measure comprehension by retelling passages, implicit and explicit questions, and

other devices. Based on the latest reading research, this comprehensive inventory focuses assessment on specific questions regarding word identification, fluency, and comprehension. It also provides suggestions for intervention instruction, procedures for assessment of strategic reading, and inclusion of results in classroom portfolios.
