Description:

There is no other Study Bible like this on the market today! The commentary notes are placed along with the Scriptures themselves. The reader never has to take their eyes off of the text in order to find what the author is saying about any particular passage. The Scripture is in black and the notes in red, making it very easy to distinguish the original text and the author's notes. It is the King James Version. Virtually every Scripture is addressed. The emphasis of Christ's Atoning Work at Calvary is brought out in the notes throughout the entirety of the Bible. Various Bible helps are included, along with a concordance, maps and other helps for the Bible reader to understand the Scripture and its historical background. Those who have already received their copy have said they no longer are simply memorizing Scripture, they are now actually

understanding what the Scripture means! It s as if they are reading the Bible for the first time!
